Hi Margie,

The tagging of the trees, the sign and the ramp curbs are NEW. No one had ever tagged these areas before.

The homeless issue has pretty much been resolved, so no.

CD7 can use Lopez Cyn Amenities Fund monies to pay for the playground upkeep. Park staff can do to the maintenance.

Park staff removed the plants and now weeds are taking over.

The community fought the 711 across the street's Type 21 liquor license and LOST... this has contributed to the area's deterioration.

If you have any more questions please, free feel to ask.

Thank you for your interest,

Vanessa,
Just a few questions.

Is this due to just regular wear and tear or something other?

Is there a homeless problem there?

Do we need to have our Council person handle this with funding?

Is there a maintenance issue?

Are the original plants maintained destroyed or some other reason for being gone?

Any other information that may help us get an understanding of the situation.

Thank you

Margie

Good day Bonnie,

Please see the attached photos from the Hansen Dam Playground. Please consider addressing having the graffiti removed and the weeds pulled and nice plants replanted.

Thank you,
